Subject: Delta Shipyard (06GC) -- Confirmation

Bryan,

Via return email, please confirm if the following information correctly summarizes your findings from your research in the Terrebonne Parish Land Records grantor/grantee index for the period 1957 through 1979:

1. You found only six recorded instruments that document Delta Iron Works, Inc, had purchased six separate parcels of land in Terrebonne Parish.
2. You did, as a pdf attachment, email copies of the same six instruments to Robert Werner.
3. You found no recorded instrument that documented Delta Iron Works, Inc, sold any land in Terrebonne Parish Chromalloy American Corporation.
4. Your net invoiced charge to the US Environmental Protection Agency for your research is \$88.00.

Thanks again for your work on this matter.

Bob Werner
Enforcement Officer
US Environmental Protection Agency
